

RK12136

12V Hammer Drill

- Variable speed and reversible switch for control
- 2-speed gearbox for optimal RPM selection
- Torque adjustment collar with 20 settings
- Super bright LED for improved visibility
- Battery capacity display for easy power monitoring
- Below specifications are subject to change

TECHNICAL SPECIFICATIONS

Voltage	12V
Hammer Mode	Yes
Chuck	3/8"
Max. Torque	50 Nm
No Load Speed	0 - 1,800 RPM
Wood	Ø 20 mm
Steel	Ø 10 mm
Concrete	Ø 8 mm
Weight (w/o battery)	0.87 kg

TECHNOLOGIES

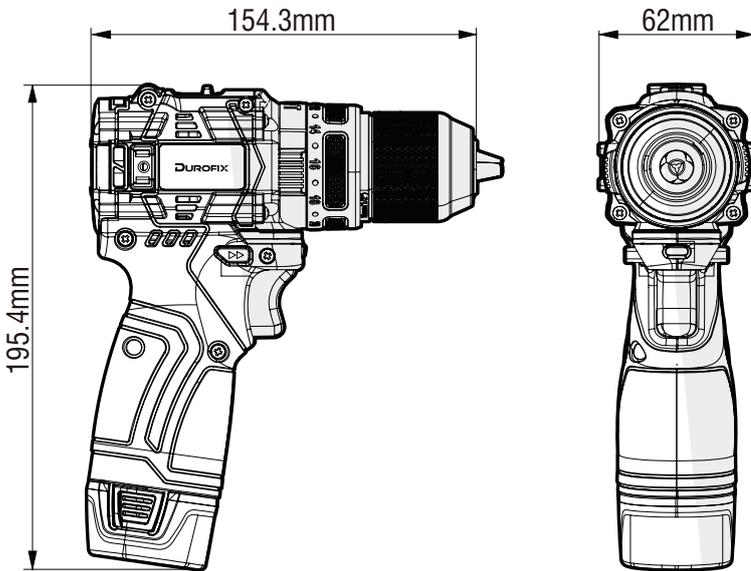

Our Patented all-in-one motor integrates multiple components into a single unit, reducing size and complexity while improving efficiency and reliability

DC motors have traditionally been driven by carbon brushes to power the motor. Over time these wear out and need replacing. All our motors are brushless meaning that the motor is controlled electronically without the need for carbon brushes ensuring your tool is maintenance-free.

DIMENSIONAL DRAWING

TOOL FEATURES

Experience effortless manoeuvrability and reduced fatigue with this lightweight design, ideal for extended use on various projects.

Illuminate your workspace with the built-in LED light on this power tool, ensuring visibility in low-light conditions for enhanced work safety.

The compact design philosophy to prioritise ensures easy handling and maneuverability in tight spaces, without compromising on performance or power.
