

RY1204

12V SDS Hammer Drill

- Rotary drill and rotary hammer drill settings
- Industry leading 1.3J of impact energy for fast drilling in masonry
- Low vibration to reduce fatigue from prolonged use
- OSHA Table 1 Compliant when paired with the dust shroud and dust extractor

TECHNICAL SPECIFICATIONS

Voltage	12V
Chuck	SDS Plus
No Load Speed	0 - 1,300 RPM
Blows per Minute	0 - 4,500 BPM
Impact Energy	1.3J
Wood	Ø 13 mm
Steel	Ø 10 mm
Concrete	Ø 14 mm
Weight (w/o battery)	1.39 kg

TECHNOLOGIES

Our Patented all-in-one motor integrates multiple components into a single unit, reducing size and complexity while improving efficiency and reliability

DC motors have traditionally been driven by carbon brushes to power the motor. Over time these wear out and need replacing. All our motors are brushless meaning that the motor is controlled electronically without the need for carbon brushes ensuring your tool is maintenance-free.

TOOL FEATURES

Efficient, quick-change drill bit system for masonry, featuring a secure grip and powerful hammering action.

Experience effortless manoeuvrability and reduced fatigue with this lightweight design, ideal for extended use on various projects.

The compact design philosophy to prioritise ensures easy handling and maneuverability in tight spaces, without compromising on performance or power.

Illuminate your workspace with the built-in LED light on this power tool, ensuring visibility in low-light conditions for enhanced work safety.

Top-tier concrete drilling performance delivers efficient results for your construction or renovation projects.
