

## RZ1230

### 12V Caulking Gun

- Auto-reversing anti-drip mechanism prevents excess waste when you release the trigger
- Suitable for sealants, caulk and resins
- Ergonomic grip and balanced weight distribution minimize fatigue, allowing for comfortable extended use

## TECHNICAL SPECIFICATIONS

Voltage	12V
Max. Pushing Force	2,225 N
Pressure	130 psi
Speed setting	8 stages
Barrel Type	Composite Half-Barrel
Speed	2.1 mm /s - 12 mm /s
Capacity	300 ml
Weight (w/o battery)	1.71 kg

## TECHNOLOGIES

Our Patented all-in-one motor integrates multiple components into a single unit, reducing size and complexity while improving efficiency and reliability

DC motors have traditionally been driven by carbon brushes to power the motor. Over time these wear out and need replacing. All our motors are brushless meaning that the motor is controlled electronically without the need for carbon brushes ensuring your tool is maintenance-free.

## TOOL FEATURES

Experience effortless manoeuvrability and reduced fatigue with this lightweight design, ideal for extended use on various projects.

Tailor the speed settings of this power tool to suit your needs, guaranteeing efficient performance for any task at hand.

The compact design philosophy to prioritise ensures easy handling and maneuverability in tight spaces, without compromising on performance or power.
