

RZ1290

12V Jobsite Fan

- Jobsite fan features magnets, a 2-inch clamp, keyholes, and pass-through holes for versatile air movement
- Unlimited directional airflow and a 215-degree head rotation, along with variable speed settings from 0 to 100% for optimal airspeed control
- Runs up to 16 hours on a B1225LB-2 5.0Ah battery or can be powered by an AC supply (not included)

TECHNICAL SPECIFICATIONS

Voltage	12V
Air Volume	270 CFM
Air Speed	14 MPH
Speed	0-100%
LED Brightness	3 (High / Mid / Low)
Weight (w/o battery)	1.97 kg

TOOL FEATURES

The compact design philosophy to prioritise ensures easy handling and maneuverability in tight spaces, without compromising on performance or power.
