

RG6019

60V Brushless Angle Grinder

- Extended run-time and lifespan
- Dust cover design increases performance & extends tool life
- Robust metal gearbox housing for durability
- Spindle lock button design
- Three-position side handle

TECHNICAL SPECIFICATIONS

| | |
|---------------------------|---------------|
| Voltage | 60V |
| Chuck | 4.5" / 5" |
| No Load Speed | 0 - 9,000 RPM |
| Spindle Thread | M14 |
| Tool Weight (w/o battery) | 1.86 kg |

NOISE/VIBRATION INFORMATION

| | | |
|-----------------|-----------------------------------|-----------------------|
| Noise Value | Sound Pressure Level (L_{pA}) | 89.44 dB(A) |
| | Noise Uncertainty (K Factor) | 3.0 dB(A) |
| Vibration Value | Average Vibration Level (A_v) | 6.38 m/s ² |
| | Uncertainty Level (K Factor) | 1.5 m/s ² |

TECHNOLOGIES

Our Patented all-in-one motor integrates multiple components into a single unit, reducing size and complexity while improving efficiency and reliability

DC motors have traditionally been driven by carbon brushes to power the motor. Over time these wear out and need replacing. All our motors are brushless meaning that the motor is controlled electronically without the need for carbon brushes ensuring your tool is maintenance-free.

TOOL FEATURES

Easily adjust the guard of this power tool for enhanced safety and protection while adapting to different work environments and angles.

Experience rapid cutting speeds with this power tool's high revolutions, ensuring swift and precise cuts for smoother and more efficient work.

The compact design philosophy to prioritise ensures easy handling and maneuverability in tight spaces, without compromising on performance or power.
