

RS6020

60V Brushless Angle 7" Angle Polisher

- Extended run-time and lifespan
- Dust cover design increasing performance & extending tool life
- Robust metal gearbox housing for durability
- Spindle lock button design
- Two position side handle and bail handle

TECHNICAL SPECIFICATIONS

Voltage	60V
Disk Size	7" (180 mm)
Spindle	5/8" / M14
Speed Setting (No Load)	800 / 1,000 / 1,200 / 1,400 / 1,600 / 1,800 / 2,000 / 2,200 RPM
Speed Control	8 Settings
Tool Weight (w/o battery)	2.43 kg

TECHNOLOGIES

Our Patented all-in-one motor integrates multiple components into a single unit, reducing size and complexity while improving efficiency and reliability

DC motors have traditionally been driven by carbon brushes to power the motor. Over time these wear out and need replacing. All our motors are brushless meaning that the motor is controlled electronically without the need for carbon brushes ensuring your tool is maintenance-free.

DIMENSIONAL DRAWING

TOOL FEATURES

The variable speed dial for this power tool offers precise control over its speed, allowing users to adjust for different materials and tasks with ease.

Experience rapid cutting speeds with this power tool's high revolutions, ensuring swift and precise cuts for smoother and more efficient work.

The IP56 rating signifies this power tool's protection against dust and water ingress, ensuring reliability and durability in challenging working conditions.
